---

THIS CATALOGUE describes the last portion of the collection of the late Mr. R. Cyril Lockett, the other twelve parts having been auctioned in these rooms since June 6th, 1955.

This is the final and fifth portion of the English series and, although lacking the rarities of the earlier sales, nevertheless contains some very fine and very rare coins, among which the following may be noted.

Many of the rarer varieties of Edward III gold, Richard II gold, Henry IV gold noble of light coinage, Richard III angel, Henry VIII second coinage sovereign, a good series of Elizabeth gold, James I spur ryal, three gold triple-unites of Oxford mint of Charles I, and a fine collection of Maundy coins.

# PRICED CATALOGUES

## Coins

---

*A***FTER** each sale these catalogues are issued with the prices realised printed in the margin opposite each lot, thus giving at a glance a reliable guide to values.

The final test of value must always be auction prices rather than the figures given in books of reference for changing times and fashions soon render the latter obsolete and misleading.

On the average we issue twelve Coin and Medal catalogues a year, some of which are usually of sales of important collections. The **priced catalogues** are posted to subscribers as soon as ready, usually about a week after the date of sale and the subscription is . . . .

**THIRTY SHILLINGS** per annum
